WILDING WALLBED LIGHTING SYSTEM

The Wall bed light kit includes two recessed "Can" lights, touch switch, three way controller, safety cut off device. This lighting system plugs into any standard wall outlet.

The touch switch is conveniently located on the head board and activates the lights by touch to a low, medium or high setting. The light kit employs a patented Safety Cut Off Device, which turns the lights off automatically if the bed is closed with the lights inadvertently left on. All power cords are concealed within the cabinetry so there are no unsightly cords exposed.

Light kit fixtures are available in your choice of Brass, Black or Chrome.
